INTRODUCTION

This document is a compilation of information about the 2023 ITS Website. It aims to describe the design and build of the new version of the ITS Website. It also includes information about the source code, where it is stored, and things like code style. The objective of this document is to enable future collaboration when new developers join the project in the future.

DESIGN

This project was designed using Figma.

Design Link TBD

SOURCE CODE & CODE DESIGN

The source code for the website is stored on GitHub: <https://github.com/Humber-ITS/ITS-site>

TECHNOLOGY

CMS

The website is created primarily using Drupal 10 CMS.

<https://www.drupal.org/about/10>
